SERIES DESCRIPTION

Scientist and explorer Pat Spain is on the trail of some of the most perplexing enigmas the world has to offer. Hunting down previously unsolvable cases, carrying out his own investigations and scientific experiments, Pat sets out to find answers to the mysteries that have remained unexplained for decades.

EPISODE DESCRIPTIONS

LIZZIE BORDEN, INNOCENT?

Pat Spain reopens the infamous Lizzie Borden murder investigation. There's compelling evidence that Lizzie Borden didn't do it, but if she didn't, then who did? One of the original suspects? Or someone history has overlooked...

BEAST OF BRAY ROAD

Pat Spain is on the trail of the Beast of Bray Road, a werewolf like creature sighted more than thirty times near Elkhorn, WA. Pat tracks down eye witnesses and uses new technology to try to capture the animal on film.

JACK THE RIPPER REVEALED

Pat Spain is in London, England, on the trail of Jack the Ripper. More than 40 suspects are still in the frame. But Pat discovers a new suspect – an American herb doctor – and finds brand new evidence linking him to the murders.

STOLEN CROWN JEWELS

Pat Spain is hunting the Irish Crown Jewels, stolen from Dublin Castle in 1907. He has three main suspects and investigation leads him to a former antiques shop in England where he believes the Jewels may be hidden.

MIND CONTROL USA

Pat Spain travels the US investigating whether people's minds are being controlled by outside forces. He talks to targeted individuals, looks into conspiracy theories and whether the technology exists to prove the claims.

VAMPIRES OF NEW ENGLAND

Pat Spain sets out to discover the truth about vampirism in New England in the 1800s. He wants to find out how these darks and medieval beliefs gained such a foothold at a time when education was opening up and science was taking off.
